THIRD ARMY DRIVES INTO ARDENNES BULGE

AMERICAN INFANTRY, TANKS AND PLANES EXACT GROWING BULL OF GERMAN MATERIALS

Gen. Patton Widens to Six Miles Corridor Feeding His Main Offensive Threat by Capturing Village Southwest of Chenonceau

NO ENEMY COUNTERATTACKS ARE REPULSED

By JAMES M. LONG

Paris, Jan. 2—(AP)—The Third Army has broadened to a mile and half its arrowhead pointed across the narrow waist of the Belgian north of Bastogne in the great, continuing battle to split the main salient.

American infantry, tanks and planes exacted a great and growing toll of Field Marshal von Rundstedt's materiel. The Germans had lost 110 tanks and armored vehicles, 208 planes and hundreds of other elements of war.

Below Bastogne, Lt. Gen. George S. Patton, Jr., widened to six miles the corridor feeding his main offensive threat by recapturing the

villages of Houmont, five and a half miles southwest, and Chenonceau, four miles southwest of the road center. At last reports, the Third Army was 13 miles from the U. S. First Army flanking the north side of the bulge.

Supreme headquarters said today that two German counter-attacks were repulsed in the area of Champs, three miles northwest of Bastogne, and near Viller-la-Bonne-Eau, 5 miles southeast. The communiqué reported progress northeast of Moiray, a much exchanged hamlet.

Von Rundstedt's attacks against the U. S. 7th Army around Blicke and eastward and along the Rhine appeared in preliminary appraisal to have netted little gain.

The Germans still was throwing most of his strength into the Belgian bulge. He was bracing the hard defensive line St. Hubert-Wiltz and persisting in counter-attacks around Bastogne.

The whole front from Linnich to Stavelot at the north-central part of the bulge saw little activity Monday. American flak guns destroyed 17 strafing planes in the area.

Allied artillery beat off German self-propelled guns which the enemy ferried across the Maas in the darkness north of Kapelle in northwest Holland.

Canadian guns threw back two German patrols which also slipped across the river. Elsewhere the British and Canadian sectors were quiet, just as for the past six weeks.

During the night, British Mosquitos ranged in a broad arc behind the main battle bulge destroying or damaging 15 tanks and 90 motor vehicles. The U. S. 9th Air Force alone claimed the destruction yesterday of 279 assault transports, 211 railcars and the disabling of 11 locomotives. Pilots said 66 other vehicles and 182 railcars were damaged.

The Germans sent out more than 300 planes in surprise attacks on airfields over a wide area behind the battle zones yesterday and lost at least 208 of the raiders. First reports said the Allies lost 25 planes. Neither figure includes losses resulting from American heavy bomber operations against oil and rail targets.

Part of the enemy's effort was directed at the many big Allied airfields in the Maastricht-Brussels-Eindhoven triangle. The streets of Brussels were machine-gunned during the attack.

Information received last night which had been subject at that time to a delay of 24 hours or more for security reasons told of gains up to six miles by the American Third Army in the southwestern corner of the Germans' Ardennes salient.

In fierce armored battles on both sides of the Bastogne corridor the Third Army launched at the corridor from the east. In the same area, fighter-bombers of the U. S. Ninth Air Force disabled 123 tanks and motor vehicles before noon yesterday. (The German radio said 121 American tanks were knocked out in the last 24 hours.)

Weatherman Offers Little Respite From Frigid Blast

By the Associated Press

High winds and bitter cold kept most of Pennsylvania in winter's icy grip today, and more near-zero weather was in store.

Snow and ice-coated highways closed many schools in the western part of the state, delayed war workers and curtailed traffic.

A 37-mile wind whipped up deep drifts in areas already coated by one of the heaviest snowfalls in weather bureau history. All roads into the city of Erie were blocked and the only transportation in and out was by train. Thousands of war workers stayed overnight in defense plants because of the un-

Casualty Messages Spread Sorrow in Homes in Area

Word of two more overseas casualties came in weekend messages to families of Corporal Technician John L. Crowley, son of Mr. and Mrs. John Crowley, 107 McPherson street, and Lt. Arthur Christenson, Jr., son of Mr. and Mrs. Arthur Christenson, of Ludlow.

The Crowleys were notified on December 31 by the Secretary of War that their son died in England December 5, after eight months spent in various hospitals in that country.

Cpl. Crowley was born in Warren June 20, 1919, and attended local schools. He was graduated from Warren High School with the Class of 1938, and was employed by Talon, Inc., at the time of entering service.

He was inducted May 25, 1942, and arrived in England August 17, 1942, with an Air Force engineers' unit. He had been awarded the Good Conduct Medal and wore the Pearl Harbor ribbon.

He is survived by his parents. An only sister, Eleanor, preceded him in death in 1936.

The Christensons received the sad news of their son's death in a message received Sunday from his wife in Chicago. She had been notified by the government that he was killed in action in France on December 11.

He was with the 12th Armored Division of the U. S. Army and had been in service 37 months to the day. He served one year in the Alaska Defense Command and was returned to the United States to prepare for his commission, becoming a second lieutenant September 30, 1943, at Fort Benning, Ga.

He and his wife spent a furlough at home in August, 1944, after which he reported to Camp Barker, Texas. From there he was sent overseas in September, 1944.

Lt. Christenson is survived by his wife, the former Louise Wells, of Chicago; his parents and a 13-year-old brother, James, at home. He was born in Ludlow June 20, 1920, and was graduated from Ludlow High School. Prior to entering service he was employed in the Chicago office of the J. G. Curtis Leather Company. His father is a veteran of World War I.

Large Industries Work On Holiday

Pittsburgh, Jan. 2—(AP)—Holiday absenteeism was at a minimum in many of the larger war plants in the Pittsburgh area, reports showed.

Near-normal operations were reported in the vast Steelmaking units of United States Steel Corporation subsidiaries and Jones & Laughlin Steel Corporation.

Westinghouse Electric & Manufacturing Company's East Pittsburgh plants and Aluminum Company of America's New Kensington and Logans Ferry operations likewise reported approximately normal turnouts.

At Dravo Corporation's shipyards, it was estimated 75 per cent of the 12,000 or more employees were on the job. A spokesman regarded this as "a very good showing" in view of poor transportation, bad outside working conditions and the holiday.

Two war plants were closed New Year's Day, however, because of the failure of the Pittsburgh Equitable Meter Company's 1,200 employees to report. Army representatives and federal and state labor mediators were attempting to get the workers back on the job.

AIR ACTIVITY ON GERMANY IS RELENTLESS

Escorted American Heavies Invade Reich Primed to Meet Repetition of Monday's Combat

MANY KNOCKED DOWN

By HOWARD COWAN

London, Jan. 2—(AP)—Escorted American heavy bombers invaded western Germany before noon today primed to meet any repetition of the Nazis' sudden New Year's day of aerial strength. It was the 11th consecutive day of heavy bomber activity.

Revised tallies showed at least 221 German planes wrecked in Monday's widespread combats, while Berlin declared 427 Allied planes were destroyed, most of them on the ground in morning sweeps on fighter bases behind the western front.

Some 300 German planes darted in at treetop level over scattered American and British bases a few minutes after daylight yesterday, but some Allied fighters already were in the air and swirled dog-fights developed.

At least 188 raiders were knocked down, 105 by RAF fighters, 35 by American Mustang, and 48 by British and American ground gunners.

Thirty-three other German planes were reported destroyed in other daylight operations, 17 of them falling to American fighters escorting 800 big bombers raiding Coblenz and an oil plant 20 miles east of Hannover.

The bag of gunners aboard the heavy bombers was not disclosed immediately, nor was the number of bombers lost.

While the Germans achieved an element of surprise at some of the scores of fields at which they struck, they failed to slow down the Allied aerial offensive. Approximately 6,000 American and British were reported hurled against the enemy on New Year's day, including more than 1,600 U. S. Eighth Air Force heavy bombers and fighters.

Success Reported in Warren County's Sixth Bond Drive Which May Reach 115 Percent

D. C. Smith, chairman of Warren county's Six War Loan campaign, announced today that the county had reached its over-all quota in the last week of the extended drive ending December 31st, and that latest available Federal Reserve totals indicated the final figure might stand at 115% of the \$3,050,000 county quota.

Actual figures supplied by Cleveland and Philadelphia Federal Reserve Banks through December 26 are as follows:

"E" Bonds (quota \$750,000)	\$ 516,941	69%
Other individual purchases (quota \$550,000)	661,804	120%
Total individual purchases (quota \$1,300,000)	1,178,745	91%
Corporations (quota \$1,750,000)	2,275,403	130%
Total of all sales	\$3,454,148	113%

Behind these cold figures lies many a story of courageous and untiring effort on the part of hundreds of patriotic citizens who gave unstintingly of their time and energy to bring to success one of the most difficult campaigns ever waged here. Beginning in early October, War Finance Committee members coped with one major handicap after another.

Not only were there alarming evidences of public apathy and complacency due to a widely held misconception that the war in Europe was almost won; there existed also numerous other important factors such as extremely adverse weather during the latter part of the drive which made it difficult and sometimes impossible for workers to make their rounds. Not the least of the setbacks was the sudden and untimely death of R. W. Mackay, who had always performed a leading role in every previous war loan, and was an extremely active vice-chairman of this one right up to the night of his passing.

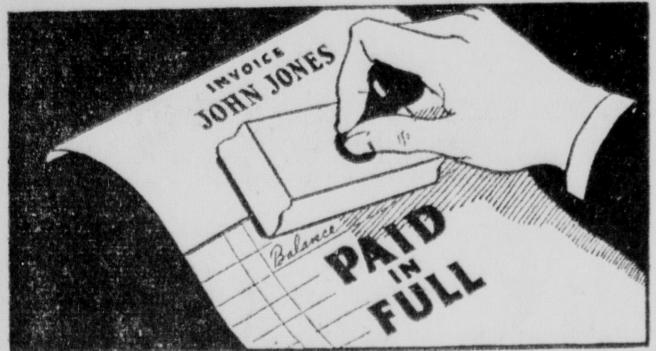

As vice-chairman Merle Deardorff remarked to the mass-meeting of 6th War Loan workers at the Columbia Theatre on November 13th, "Somehow, it seems that

Those two bluejays reported Saturday morning by Mrs. Dewey Baldensperger apparently failed to keep in touch with the weatherman and were given rather a cold reception when they arrived in town for the New Year.

POULTRY SHOW

Arrangements have been completed for the 1945 annual pet stock and poultry exhibition to be given by the Chautauqua County Association at Jamestown, January 11, 12 and 13. In former years several Warren exhibitors have participated in this annual event.

MAY BE AN ERROR

Press reports that one of the injured in the wreck of Southern Pacific mail-express train near Ogden, Utah early Sunday, was Ver Bearfield, of Warren, Pa., are believed to be erroneous. A careful check failed to disclose any person of that name residing in or near the borough. Upwards of fifty persons were killed and scores injured in the collision.

SLUSH CAUSES ACCIDENT

One car and a truck were damaged early Sunday morning when a trailer-gasoline truck skidded sideways of the pavement in Pennsylvania Avenue, east near Maple street. An eastbound automobile struck the rear end if the trailer, and a westbound truck collided with the trailer before it could be stopped. The police report says the men in charge of the trailer were putting on chains when the collisions occurred. No person was injured.

POLICE CIRCLES QUIET

Unusual quiet prevailed police circles over the New Year's holiday. No arrests were made New Year's eve. Last evening the night force answered calls to the Warren General hospital, the Watson home and from a family at the head of Market street. The call from the hospital was to aid a relative of a patient who appeared considerably disturbed. A car parked in a driveway at the Watson home was towed to the police station and the family disturbance in Market street was settled without difficulty.

NEW YEAR'S BABY

The Times-Mirror is making a check to ascertain the name of the New Year's baby, and it is expected the identity of the fortunate youngster and parents will be announced tomorrow. One name has been submitted, that of a baby born at 8:55 o'clock Monday morning. Unless information is received regarding an earlier arrival in Warren or North Warren, the name already received will be considered the winner and awarded the gifts offered by local merchants through this paper.

Worker Dies Pittsfield Boy Suddenly At Missing After Nat'l Forge Sea Tragedy

John A. Clark, life-long resident of the county, died suddenly last evening about six o'clock while at work in the roughing department of the National Forge and Ordnance Company at Irvine. A physician who was called stated that the demise was from a heart attack.

Mr. Clark appeared in his usual good health when he reported for work at three o'clock. About six o'clock he retired to the rest room and while there informed two fellow workers that he had a severe pain in his chest. A moment later he collapsed. First aid was administered by the nurse in charge, but it was apparent his death was instantaneous.

Mr. Clark was born in Iowa February 9, 1884, but for many years had resided in Warren, Starbrick and Irvine. For some time he conducted the general store at Starbrick. He had a wide circle of friends who will regret to learn of his sudden passing.

He is survived by his wife, Alice, two sons, Kenneth, of Youngsville, and Bernard, a ship-fitter in the United States Navy, and three grandchildren.

Services will be held from the home at Irvine Thursday afternoon at two o'clock. Interment will be in Westview cemetery at Starbrick.

Stray Leaves From Notebook Of Reporter About Town

Papers in some nearby towns are calling attention to the icicle menace which has been so pronounced as a result of the severe winter of the past two weeks. One injury has already been reported. Business Week recently reported that in future construction electric heating cable will be laid in doof gutters and downspouts into which current may be turned when icicle weather develops.

Born and raised where his mother now resides, he has a host of friends in Warren and vicinity, especially among fight followers who will be pleased to learn that he apparently is enjoying good health and doing a swell job in the army.

Many are anticipating a new appeal will be issued soon for knives for the fighting forces. Guess from all reports there are still a large number of these weapons around Warren that could be given to the boys in Uncle Sam's army. The last request for knives met

ready response from Warren sportsmen and it is safe to predict that they will come across in the same generous manner should another appeal be issued.

With streets and highways in the section invitingly snow-covered, warning against sledding accidents is most timely. Fatalities and serious injuries are almost certain to occur unless steps are taken to provide safe sledding through the use of roped off areas. Mindful that when this precaution is taken, some children will use unprotected streets, officials urge motorists to be on the lookout for sledders. An appeal is made to parents to safeguard their children by forbidding use of sleds in hazardous places.

FRANK M. PHILLIPS

Frank M. Phillips, lifelong resident of Stilson Hill, near Sugar Grove, died at noon Sunday at the age of 78 years, 3 months and 11 days. He was a member of Lottville Lodge, IOOF.

Besides his wife, Ellen Hooker Phillips, he leaves one son, Dr. Alivah Phillips, Buffalo, N. Y., and one daughter, Edith Phillips, of Jamestown, N. Y.; four grandchildren; two half-brothers, Warren Bull, of Stilson Hill, and Wayne Bull, of Sherman, N. Y. One son, Elton, preceded him in death at the age of 16 months.

Removal has been made to the Schoonover Funeral Home in Sugar Grove, where friends may call until noon Thursday. If traveling conditions permit, funeral services will be held from the family home at two o'clock that afternoon, otherwise the rites will take place at the funeral home at the same hour. Interment will be made in Stilson Hill cemetery.

Fast Nearing
the Local Goal**

Post-Christmas contributions in the Christmas Seal sale are advancing the total received well toward the goal necessary to carry forward next year an adequate campaign against tuberculosis, according to announcement made today by H. M. Mohr, seal sale chairman.

"It is gratifying that many persons who failed to send their returns for seals before Christmas are not neglecting to do so now," he said. "We hope that additional contributions will be received before the records are closed."

The Tuberculosis Society is ready to embark upon its program to make 1945 a healthier year. Purchasers of Christmas Seals and Health Bonds deserve credit for making this program possible."

Thousands of persons indicate their desire to support the fight against tuberculosis by their contributions to the Christmas Seal Sale and some take time to express this interest in a message sent along with their contribution. One woman, enclosing three dollars, wrote:

"Wish I could give fifty times as much."

Another woman who sent two dollars enclosed this message:

"I am particularly glad to have an opportunity to help in this work."

**Sylvania Inc.
Appointments
Announced**

Sylvania Electric Products, Inc., announce the appointment of Cortland T. Clark, of Seattle, Washington, as manager, Northwestern Division of the Radio Tube Division. Mr. Clark's territory will cover the states of Washington, Oregon, Montana and Northern Idaho.

Widely known in the electrical and electrical appliance fields, Mr. Clark was formerly connected with the Industrial Electric Company, and later Appliance Sales Manager for the North Coast Electric Company of Seattle, Washington.

Mr. Clark is a veteran of World War II, having served in the U. S. Navy from which he was honorably discharged. A member of the Washington Athletic Club and the E. S. Mr. Clark completed his schooling at the University of Washington. He will make his headquarters at the Sylvania offices in Seattle, Washington.

The appointment of J. T. Milligan to the sales force, East Central territory, of Sylvania Electric Products, Inc., Radio Tube Division, has been announced. Prior to joining Sylvania, Mr. Milligan was connected with the Fisher Body division of General Motors Corporation in Cleveland, Ohio where he was engaged in personnel work. A graduate of Western Reserve University, Mr. Milligan received his B. E. A. in June, 1943 and more recently was honorably discharged from the Army. His headquarters will be in Cleveland, Ohio.

Hit, like many war plants, by the manpower shortage, the Green River Ordnance Plant, Dixon, Ill., devised a poster to recruit workers for essential tasks. Above, worker Lois Woessner and John Ives, Illinois Reserve Militia, simulate the poster, for which they were the models.

FUNNY BUSINESS By Hershberger

"He wants a steak or nothing—his first tooth just came through!"

MONTGOMERY WARD'S ANSWER TO THE ORDER OF SEIZURE BY THE PRESIDENT

The order of the President to effect the seizure of the property and business of Montgomery Ward is a violation of the Constitution of the United States, which the President has sworn to uphold and defend. The Congress, which is the sole law-making authority under the Constitution, has given the President no power to seize the non-war business of Montgomery Ward.

The purpose of the President's order is to enforce by an exercise of arbitrary power, orders of the War Labor Board which the courts have declared to be merely advisory and legally unenforceable. The courts have held that anyone who refuses to comply with orders of the War Labor Board is not defying a command of the Government and that, since the orders are merely advisory, no Government official has the right to impose punishment on those who do not comply.

The President's order does not arise from any failure on Ward's part to pay fair wage rates. Ward's policy is, and has been, to pay wages as high as or higher than those paid by other employers in the community for similar employment. Ward's only objection to any of the War Labor Board's wage recommendations has been in those instances where the Board has arbitrarily demanded that Ward's substantially increase its rates above those of its competitors in the highly competitive retail field.

The President has ordered the Army to restrict the liberties of Ward's employees by imposing upon them the closed shop in the form of union maintenance. This is the final step in the coercion used by the administrative agencies of the Government to force the closed shop upon employers and employees throughout the Nation. Ward's has long believed that when the public awakens to the extent of this coercion, it will rouse in indignation.

Ward's defense of the freedom of its employees has not been prompted by any feeling of anti-unionism. All employees at Ward's are free to join or not to join a union, as they wish. Ward's fully recognizes this privilege and has assured employees that their opportunity with the company will be the same whether they are union members or not.

Ward's cannot in good citizenship accept or obey the commands of those who have no legal power to give them and who are seeking to deprive Ward's of its Constitutional rights and liberties. Ward's takes this position in defense of the Constitutional rights and liberties of every citizen of the United States.

The issues are not before the courts, where Ward's has sought for two years to have them decided. Ward's welcomes the opportunity to present its case to the courts.

MONTGOMERY WARD & CO.
SEWELL AVERY,
Chairman.

Warren County Farmers Big Aid in War Fund Campaign

Warren county's thrifty, hard-working farm families helped in a very large way to put the county's Sixth War Loan over the top, according to D. C. Smith, chairman of the campaign that ended December 31st. Under the leadership of Stanley Laurence of Youngsville, farm teams were organized all over the county to reach rural families and invite their participation in this all-important war-effort, and through these farm teams is available, it is known that there were hundreds of both large and small bonds sold. In this campaign, es 5th War Loan bonds purchased by farm families were shown in reports from their nearby bank or postoffice, and these farm purchases are known to have contributed largely to the exceptionally fine showing made by the six out-of-Warren districts of Youngsville, Sugar Grove, Kinzua, Sheffield, Clarendon and Tidiotne. Without exception, every one of these County Organization Districts met or exceeded the high "E" Bond quota assigned, and in addition, most districts showed heavy sales of other types of bonds which did not count toward their "E" quotas, but have helped materially to attain the fine record for the county. Mr. Laurence and his farm teams in every township worked under the direction of A. L. Rasmussen, chairman of the whole County Organization outside Warren borough, aided materially by Merle Deardorff, vice-chairman of the War Finance Committee. The loyal and effective farm team organization to which our whole county can give high praise was composed as follows:

Brokenstraw Twp.: Captain John Carr, Youngville; Axel Johnson, Youngsville; W. J. Crippen, Youngsville; Mrs. Theodore Abramham, Youngsville; Mrs. J. D. McKillip, Youngsville.

Columbus Twp.: Captain, Merle Dodd, Columbus, R. D.; Mrs. Arthur Hill, Corry, R. D. No. 4; Mrs.

Success Reported in Warren County's Sixth Bond Drive

(From Page One)

each War Bond drive is different from the last one," and the progress of this Sixth campaign proved a perfect case in point. In all previous campaigns, for example, the county had turned in a rather disappointing percentage of its quota of individual purchases of other-than-"E" bonds. This time, this quota was over-subscribed by a gratifying margin, and contributed to a large extent to the overall success of the campaign. In preceding drives the county has experienced no difficulty in reaching or exceeding its corporation quota, but, due to changes in tax laws, and other causes, the corporation quota was met only after considerable effort. Of course, the big disappointment of the Sixth War Loan here was our failure to reach our quota of "E" bonds by a large margin.

The reasons for this "E" Bond fall-down will be the subject of study by local, state and national authorities and will probably be weighed from every angle, but there is good evidence that at least one major factor may have been the feeling that many people have had, that the end of the war was just around the corner. This became quite apparent when "E" Bond purchases spurred upward almost coincidentally with the news of the German breakthrough in Belgium, and the general awakening to the fact that it was a long, hard way to Berlin, road our fighting men and women can travel without a lot more help from home.

It is, of course, the excellent and loyal work performed by the schools, the individual block workers, the farm teams, the team members in the county's districts, and the Treasury Representatives working in the plants and businesses of the county, which has again put Warren County "over the top." Collaborating with these patriotic workers, and assisting them at every possible point, have been local post and sector leaders,

Spring Creek Twp.: Captain, Leon Whiteley, Spring Creek, R. D.; Miss Jean Manley, Corry R. D.; Mrs. Hazel Eldred, Corry R. D.; Mrs. Gerald Whaley, Spring Creek; Mrs. Lillie Tubbs, Spartansburg.

Glade Twp.: Captain, William Oliver, Warren, R. D. No. 1; Walter D. Ward, Warren, R. D. No. 1; Mrs. Merle Schweitzer, Box 225, Warren.

Sugar Grove Twp.: Captain, Alfred Akin, Sugar Grove, R. D. No. 3; Charles Peterson, Youngsville, R. D. No. 1; Mrs. Charles Peterson, Youngsville, R. D. No. 1; Mrs. Grace Firth, Sugar Grove, R. D.; Mrs. Dorothy Rhodes, Sugar Grove, R. D.; Mrs. E. R. Tuley, Sugar Grove, R. D.

It was hard driving. The road was narrow, winding, twisting its way up the mountainside.

She came out at last on a little clearing where the house she was seeking loomed before her, a small, boxlike house with an "L" that held the "cookin'" (as mountaineers here called the kitchen) and that opened on a little side porch. The house was old, and its weathered boards had never known the feel of paint.

The door opened as Meredith stopped the car, and a woman leaned out into the angry, cold darkness to peer towards her.

"That you, Doctor Merry?" she called anxiously.

"Yes, Mrs. Loomis," answered Mrs. Dorazelle. She led the way into the front parlor, where the "company bed" stood in one corner, proudly adorned with the family's most choice linen—coarse cotton sheets adorned with hand-crocheted lace, pillowslips elaborately embroidered, and a handmade chenille bedspread that would have made an "antique admiring" housewife green-eyed with envy.

360,000 Fans Witness Bowl Games in Ten States With Most of Favorites Winning

By JACK HAND

New York, Jan. 2.—(P)—It was a happy New Year for all the favorites except Georgia Tech and the East All-Stars in the annual Jan. 1 football bowl melee played before more than 360,000 fans at 10 different sites.

Ranging from G. I. versions in Marseilles, France and in Italy to a customary 91,000 turnout in Pasadena's Rose Bowl, the general pattern ran pretty much to true form on team and individual performances.

Southern California stretched its Rose Bowl win string to eight, handing Tennessee a 25-0 setback in their first of the season, and completing an unbeaten, though twice-tilted campaign. Jim Hardy threw two scoring forwards and sneaked over another on the hidden ball play.

Oklahoma Aggies, paced by All-American Bob Fenimore who scored twice, smothered Texas Christian, 34-0, before 27,500 at Dallas' Cotton Bowl. But Duke had to come hard in the closing minutes before catching Alabama, 29-26, for a Sugar Bowl triumph that thrilled 72,000 customers. The running of Tom Davis and George Clark finally overcame the brilliant passing of Freshman Harry Gilmer of Freshman Harry Gilmer of

Georgia Tech ran into trouble in its Orange Bowl date with Tulsa.

Racing Ban Is Effective At Midnight

Miami, Fla., Jan. 2.—(P)—The staccato clicking of the turnstiles and betting machines sounded today like anything except a funeral dirge for racing.

But the sport is dead, after midnight, at the result of a government request that all tracks close because of a war-time emergency. In the banner crowds and record wagering at Tropical Park's current meeting, horsemen saw the hope of a brilliant revival once the emergency is ended and the world returns to normal.

For the third time in eight days yesterday, bettors broke Tropical's one-day parimutuel record. The 14,745 spectators who turned out for a morning program bet \$777.67.

Only Saturday the last-minute plunger had run the betting high to \$752,200.

On Christmas day, the inaugural of an eight-day meeting squeezed in between the announcement of the government ban and the midnight deadline, wagering reached \$716,716 to surpass the old record of \$629,038.

The daily average of \$615,497 for the first seven days approached the former one-day high, and far outstripped the \$390,000 daily average for the 50 days of last season's record meeting.

Tropical has never approached the meting marks established at Hialeah Race course, which has always enjoyed the best racing dates when the tourist season is at its height. Hialeah had million dollar days three times last winter.

Behind the Lines and Under the Covers

Batted 66 2/3% on my predictions

as the Golden Hurricane started 30,000 fans by striking for a two-touchdown lead in the first period and never letting up before earning a 26-12 decision. Frank Broyles kept the engineers in the game on his second half tosses. But Freshman Perry Moss was the Tulsa ace.

The western All-Stars, sparked by the chucking of U. C. L. A.'s Bob Waterfield, shoved over two last quarter scores to shade the East, 13-7, in San Francisco's Shrine Charity game that drew 60,000 persons. Frank Dancewicz of Notre Dame had pitched to Jack Mead of Wisconsin for the eastern T. D. in the first 10 minutes.

Southern of Texas set a scoring record in the Sun Bowl, crushing an out-matched University of Mexico squad, 35-0, as expected by the turnout of 13,000.

Corp. John Moody, former Morris Brown fullback, sparked for the Fifish Army in its 20-0 shellacking of the 12th Air Force in the Italian Spaghetti Bowl before 25,000 G. I. Joe. Mid-game features included a USO performance by Ella Logan and crowning of two bowl queens.

The soldiers in France subbed a Riviera Bowl for last year's Arab bowl classic in Africa and 18,000 turned out at Marseilles to watch the railway shop battalion unit smother the army All-Stars, 37-0.

Texas College of Tyler, Tex., tripped over Greensburg (N. C.) A. and T. 18-0, in the Negro Flower Bowl at Jacksonville, Fla., with Center Willie Green scoring twice and setting up the third. William Bass led Tennessee State to a 13-0 edge over Tuskegee Institute in the Vulcan Bowl negro game at Birmingham, Ala.

FBI Reveals Arrest Of Two German Spies

(From Page One)

Hoover declared these were evidence of an espionage and sabotage offensive against the entire American hemisphere.

New York, Jan. 2—(AP)—An alert 17-year-old Maine schoolboy was credited today with spotting two alleged Nazi saboteurs, one a native-born American, who, the FBI said, landed by U-boat Nov. 29 near the boy's Hancock Point home.

The men, FBI Director J. Edgar Hoover said, were arrested several days ago in the New York area.

They came ashore in a rubber boat at night after the Nazi submarine had lain off the Maine coast for a week, Hoover reported.

Deputy Sheriff Dana Hodgkins, of Hancock Point, said his son Harvard, a high school senior, was returning from a dance when he saw two strangers walking along a road in the snow. He followed the pair until they disappeared into woods, then told his parents, who notified the FBI.

The pastor, Rev. L. W. Drury, extends a cordial welcome to all interested to attend these services which commence promptly at 7:30 each evening.

THIRD ARMY DRIVES INTO ARDENNES BULGE

AMERICAN INFANTRY, TANKS AND PLANES EXACT GROWING BULL OF GERMAN MATERIALS

Patton Widens to Six Miles Corridor Feeding His Main Offensive Threat by Capturing Village Southwest of Chenone

ENEMY COUNTERATTACKS ARE REPULSED

By JAMES M. LONG

Paris, Jan. 2—(AP)—The Third Army has broadened to a mile and half its arrowhead pointed across the narrow waist of the Belgian ge north of Bastogne in the great, continuing battle to split the man salient.

American infantry, tanks and planes exacted a great and growing toll of Field Marshal von Rundstedt's materiel. The Germans had lost 110 tanks and armored vehicles, 208 planes and hundreds of other elements of war.

Below Bastogne, Lt. Gen. George S. Patton, Jr., widened to six miles the corridor feeding his main offensive threat by recapturing the villages of Houmont, five and a half miles southwest, and Chenone, four miles southwest of the road center. At last reports, the Third Army was 13 miles from the U. S. First Army flanking the north side of the bulge.

Supreme headquarters said today that two German counter-attacks were repulsed in the area of Champs, three miles northwest of Bastogne, and near Villers-La-Bonne-Eau, 5 miles southeast. The communiqué reported "progress northeast of Moiray, a much exchanged hamlet."

Von Rundstedt's attacks against the U. S. 7th Army around Bittel and eastward and along the Rhine appeared in preliminary appraisal to have netted little gain.

The Germans still was throwing most of his strength into the Belgian bulge. He was bracing the hard defensive line St. Hubert and persisting in counter-attacks around Bastogne.

The whole front from Linnich to Stavelot at the north-central part of the bulge saw little activity Monday. American flak guns destroyed 17 strafing planes in that country.

Cpl. Crowley was born in Warren June 20, 1919, and attended local schools. He was graduated from Warren High School with the Class of 1938, and was employed by Talon, Inc., at the time of entering service.

Ally artillery beat off German self-propelled guns which also slipped across the river. Elsewhere the British and Canadian sectors were quiet, just as for the past six weeks.

During the night, British Mosquitos ranged in a broad arc behind the main battle bulge destroying or damaging 15 tanks and 90 motor vehicles. The U. S. 9th Air Force alone claimed the destruction yesterday of 279 assorted transports, 211 railcars and the disabling of 11 locomotives. Pilots said 66 other vehicles and 182 railcars were damaged.

The Germans sent out more than 300 planes in surprise attacks on airfields over a wide area behind the battle zones yesterday and lost at least 208 of the raiders. First reports said the Allies lost 25 planes. Neither figure includes losses resulting from American heavy bomber operations against rail targets.

Part of the enemy's effort was directed at the many big Allied airfields in the Maastricht-Brussels-Eindhoven triangle. The streets of Brussels were machine-gunned during the attack.

Information received last night had been subject at that time to a delay of 24 hours or more for security reasons told of gains up to six miles by the American Third Army in the southwestern corner of the Germans' Ardennes salient.

In fierce armored battles on both sides of the Bastogne corridor the Third Army launched at the corridor from the east. In the same area fighter bombers of the U. S. Ninth Air Force disabled 123 tanks and motor vehicles before noon yesterday. The German radio said 121 American tanks were knocked out in the last 24 hours.

Pittsburgh, Jan. 2—(P)—Many industries were reported curtailing production schedules in the Pittsburgh area today because of a gas shortage.

War Production Board directed the Hope Natural Gas Company at Clarksburg, W. Va., to cut industries 50 per cent except with top war priority ratings. Most of the gas supply was directed to Ohio to relieve a shortage caused by the cold wave there. Resident E. M. Borger of Pittsburgh Natural Gas Co. there said glass plants were hit.

AIR ACTIVITY ON GERMANY IS RELENTLESS

Escorted American Heavies Invade Reich Primed to Meet Repetition of Monday's Combat

MANY KNOCKED DOWN

By HOWARD COWAN

London, Jan. 2—(AP)—Escorted American heavy bombers invaded western Germany before noon today primed to meet any repetition of the Nazis' sudden New Year's day of aerial strength. It was the 11th consecutive day of heavy bomber activity.

Revised tallies showed at least 221 German planes wrecked in Monday's widespread combats, while Berlin declared 427 Allied planes were destroyed, most of them on the ground in morning sweeps on fighter bases behind the western front.

Some 300 German planes scattered in at treetop level over scattered American and British bases a few minutes after daylight yesterday, but some Allied fighters already were in the air and swirling dogfights developed.

At least 188 raiders were knocked down, 105 by RAF fighters, 35 by American Mustangs and 48 by British and American ground gunners.

Thirty-three other German planes were reported destroyed in other daylight operations, 17 of them falling to American fighters escorting 800 big bombers raiding Coblenz and an oil plant 20 miles west of Hannover.

The bag of gunners aboard the heavy bombers was not disclosed immediately, nor was the number of bombers lost.

While the Germans achieved an element of surprise at some of the scores of fields at which they struck, they failed to slow down the Allied aerial offensive. Approximately 6,000 American and British were reported hurled against the enemy on New Year's day, including more than 1,600 U. S. Eighth Air Force heavy bombers and fighters.

FBI Reveals Arrest of Two German Spies

New York, Jan. 2—(P)—Arrest of two Nazi agents, trained in espionage and sabotage, who were landed by U-boat on the Maine coast last Nov. 29, was announced yesterday by J. Edgar Hoover, director of the FBI.

Hoover identified the men as William Curtis Colepaugh, 26, U. S. citizen of Niantic, Conn., and Erich Gimpel, 35, native of Germany who was a radio engineer in South America. The arrests were made several days ago in the New York area.

He was with the 12th Armored Division of the U. S. Army and had been in service 37 months to the day. He served one year in the Alaska Defense Command and was returned to the United States to prepare for his commission, becoming a second lieutenant September 30, 1943, at Fort Benning, Ga.

He and his wife spent a furlough at home in August, 1944, after which he reported to Camp Barksdale, Texas. From there he was sent overseas in September, 1944.

Mr. Christensen is survived by his wife, the former Louise Wells, of Chicago; his parents and a 12-year-old brother, James, at home.

He was born in Ludlow June 20, 1920, and was graduated from Ludlow High School. Prior to entering service he was employed in the Chicago office of the J. G. Curtis Leather Company. His father is a veteran of World War I.

Information received last night had been subject at that time to a delay of 24 hours or more for security reasons told of gains up to six miles by the American Third Army in the southwestern corner of the Germans' Ardennes salient.

In fierce armored battles on both sides of the Bastogne corridor the Third Army launched at the corridor from the east. In the same area fighter bombers of the U. S. Two VICTIMS OF GAS

Heidelberg, Jan. 2—(P)—Aparently victims of gas from a defective flue, Mrs. Mary Cherry, 82, and her son, Andrew Cherry, 52, were found dead in their home in the Allegheny county community yesterday. Constable C. P. Altmeier said they had been dead nearly a week.

Large Industries Work On Holiday

Pittsburgh, Jan. 2—(P)—Holliday absenteeism was at a minimum in many of the larger war plants in the Pittsburgh area, reports showed today.

Normal operations were re-

ported in the vast Steelmaking units of United States Steel Corporation subsidiaries and Jones & Laughlin Steel Corporation.

Westinghouse Electric & Manufacturing Company's East Pitts-

burgh plants and Aluminum Com-

pany of America's New Kensington and Logans Ferry operations likewise reported approximately

normal roundouts.

At Dravo Corporation's ship-

yards, it was estimated 75 per cent

of the 12,000 or more employees

were on the job. A spokesman re-

garded this as "a very good show-

ing" in view of poor transportation and had outside working condi-

tions and the holiday.

Two war plants were closed

Success Reported in Warren County's Sixth Bond Drive Which May Reach 115 Percent

D. C. Smith, chairman of Warren county's Six War Loan campaign, announced today that the county had reached its over-all quota in the last week of the extended drive ending December 31st, and that latest available Federal Reserve totals indicated the final figure might stand at 115% of the \$3,050,000 county quota.

Actual figures supplied by Cleveland and Philadelphia Federal Reserve Banks through December 26 are as follows:

"E" Bonds (quota \$750,000)	\$ 516,941	69%
Other individual purchases (quota \$550,000)	661,804	120%
Total individual purchases (quota \$1,300,000)	1,178,745	91%
Corporations (quota \$1,750,000)	2,275,403	130%
Total of all sales	\$3,454,148	113%

Behind these cold figures lies many a story of courageous and untiring effort on the part of hundreds of patriotic citizens who have given unstintingly of their time and energy to bring to success one of the most difficult campaigns ever waged here.

The gavel fell first in the house a half minute after 12 o'clock.

Both houses presented a colorful scene for the opening day ceremony.

Pots of flowers decorated the rostrums of the house and senate and the desks of many representatives and senators.

In the senate the gavel dropped at 12:10 p.m.

Within an hour the house and senate completed its organization for the session. Ira T. Fiss was re-elected speaker of the house and senators chose M. Harvey Taylor, of Dauphin county, as their president pro tempore.

Overriding Democratic objections, the senate voted, 31 to 18, to recess every day until January 15 after hearing Governor Martin's message and receiving the Commonwealth's budget tonight. Republicans said the action was taken to relieve housing conditions in Harrisburg during farm organization conventions next week. Democrats wanted the senate to get to work at once.

Rep. Franklin H. Lichtenwalter, of the Republican leader of the house, reported a 100 per cent attendance of the GOP representatives for the house organization. Republicans outnumbered the Democrats 109-99 but have only four votes more than the 105 needed to enact legislation.

In the house 200 of the 208 representatives answered to their names. The senate had a complete membership of 50.

Judge Robert E. Woodside, of the Dauphin county court, a former member of the house, administered (Turn to Page Nine)

Hitler Speech Causes Much Speculation

By LOUIS P. LOCHNER (Former Chief of the Associated Press Bureau in Berlin).

London, Jan. 2—(P)—Seldom has a Hitler speech caused as much heated controversy among German exiles and refugees as the recording which the world heard five minutes after the start of the new year, when Berlin announced the Fuhrer had a message to deliver.

I spent much of New Year's day among Germans from the conservative right to the extreme left, taking care especially to meet those who had seen or heard Hitler frequently. One of those to whom I spoke, in fact, had been one of Hitler's occasional advisers on foreign policy.

All agreed that Hitler definitely was no longer Germany's real leader.

Seal Sale Is Fast Nearing the Local Goal

Post-Christmas contributions in the Christmas Seal sale are advancing the total received well toward the goal necessary to carry forward next year an adequate campaign against tuberculosis, according to announcement made today by H. M. Mohr, seal sale chairman.

"It is gratifying that many persons who failed to send their returns for seals before Christmas are not neglecting to do so now," he said. "We hope that additional contributions will be received before the records are closed."

"The Tuberculosis Society is ready to embark upon its program to make 1945 a healthier year. Purchasers of Christmas Seals and Health Bonds deserve credit for making this program possible."

Thousands of persons indicate their desire to support the fight against tuberculosis by their contributions to the Christmas Seal Sale and some take time to express this interest in a message sent along with their contribution. One woman, enclosing three dollars, wrote:

"Wish I could give fifty times as much."

Another woman who sent two dollars enclosed this message: "I am particularly glad to have an opportunity to help in this work."

FUNNY BUSINESS . . .

By Hershberger

"He wants a steak or nothing—his first tooth just came through!"

MONTGOMERY WARD'S ANSWER TO THE ORDER OF SEIZURE BY THE PRESIDENT

The order of the President to effect the seizure of the property and business of Montgomery Ward is a violation of the Constitution of the United States, which the President has sworn to uphold and defend. The Congress, which is the sole law-making authority under the Constitution, has given the President no power to seize the non-war business of Montgomery Ward.

The purpose of the President's order is to enforce by an exercise of arbitrary power, orders of the War Labor Board which the courts have declared to be merely advisory and legally unenforceable. The courts have held that anyone who refuses to comply with orders of the War Labor Board is not defying a command of the Government and that, since the orders are merely advisory, no Government official has the right to impose punishment on those who do not comply.

The President's order does not arise from any failure on Ward's part to pay fair wage rates. Ward's policy is, and has been, to pay wages as high as or higher than those paid by other employers in the community for similar employment. Ward's only objection to any of the War Labor Board's wage recommendations has been in those instances where the Board has arbitrarily demanded that Ward's substantially increase its rates above those of its competitors in the highly competitive retail field.

The President has ordered the Army to restrict the liberties of Ward's employees by imposing upon them the closed shop in the form of union maintenance. This is the final step in the coercion used by the administrative agencies of the Government to force the closed shop upon employers and employees throughout the Nation. Ward's has long believed that when the public awakens to the extent of this coercion, it will rouse in indignation.

Ward's defense of the freedom of its employees has not been prompted by any feeling of anti-unionism. All employees at Ward's are free to join or not to join a union, as they wish. Ward's fully recognizes this privilege and has assured employees that their opportunity with the company will be the same whether they are union members or not.

Ward's cannot in good citizenship accept or obey the commands of those who have no legal power to give them and who are seeking to deprive Ward's of its Constitutional rights and liberties. Ward's takes this position in defense of the Constitutional rights and liberties of every citizen of the United States.

The issues are not before the courts, where Ward's has sought for two years to have them decided. Ward's welcomes the opportunity to present its case to the courts.

Warren County Farmers Big Aid in War Fund Campaign

Warren county's thrifty, hard-working farm families helped in a very large way to put the county's Sixth War Loan over the top, according to D. C. Smith, chairman of the campaign that ended December 31st. Under the leadership of Stanley Laurence of Youngsville, farm teams were organized all over the county to reach rural families and invite their participation in this all-important war-effort, and through these farm teams it is known that there were hundreds of both large and small bonds sold. In this campaign, it is 5th War Loan bonds purchased by farm families were shown in reports from their nearby bank or postoffice, and these farm purchases are known to have contributed largely to the exceptionally fine showing made by the six out-of-Warren districts of Youngsville, Sugar Grove, Kinzua, Sheffield, Clarendon and Tidewater. Without exception, every one of these County Organization Districts met or exceeded the high "E" Bond quotas assigned, and in addition, most districts showed heavy sales of other types of bonds which did not count toward their "E" quotas, but have helped materially to attain the fine record for the county. Mr. Laurence and his farm teams in every township worked under the direction of A. L. Rasmussen, chairman of the whole County Organization outside Warren borough, aided materially by Merle Deardorff, vice-chairman of the War Finance Committee. The loyal and effective farm team organization to which our whole county can give high praise was composed as follows:

Brookstrand Twp.: Captain, John Carr, Youngsville; Axel Johnson, Youngsville; W. R. Crippen, Youngsville; Mrs. Theodore Abraham, Youngsville; Mrs. J. D. McKillip, Youngsville.

Columbus Twp.: Captain, Merle Dodd, Columbus, R. D.; Mrs. Arthur Hill, Corry, R. D. No. 4; Mrs.

The reasons for this "E" Bond fall-down will be the subject of study by local, state and national authorities, and will probably be weighed from every angle, but there is good evidence that at least one major factor may have been the feeling that many people have had, that the end of the war was just around the corner. This became quite apparent when "E" Bond purchases spurted upward almost coincidentally with the German break-through in Belgium, and the general awakening to the fact that it was a long, hard fight to Berlin, a road our fighting men and women can't travel without a lot more help from home.

It is, of course, the excellent and loyal work performed by the schools, the individual block workers, the farm teams, the team members in the county's districts, and the Treasury Representatives working in the plants and businesses of the county, which has again put Warren County "over the top." Collaborating with these patriotic workers, and assisting them at every possible point, have been local post and sector leaders,

team captains and district and division chairmen. Responsible for general direction of the drive were the following members of the Warren County War Finance Committee for the Sixth War Loan, under the able leadership of Chairman Don Smith:

Shoe Ration Tightening Is Imminent

An Associated Press item says that tightening of shoe rationing is imminent.

Reliable sources in Washington said the current policy of two pairs a year cannot be continued in 1945.

They predicted that the next shoe coupon will not be validated until mid-summer at the earliest, instead of May as scheduled originally.

It was understood OPA probably will announce this revision shortly. However, the agency is expected to maintain validity of the three shoe stamps now in use, airplane stamps Nos. 1, 2 and 3.

It is estimated that during O. Henry's most productive period (the first decade of this century) he drank two quarts of whiskey a day.

of Wacs are needed to work in the vast rehabilitation program maintained for our battle casualties. More than 200 other jobs are available in The Air Forces and Service Forces.

The members of the Erie WAC Recruiting Office take this means of wishing the citizens of Warren a most happy and prosperous New Year, and thank them for the kindnesses they have shown the Wacs in the past.

SOCIETY NEWS

Jeanne Sweetland, Lt. Norris Hooven United in Marriage Saturday P. M.

Youngsville, Jan. 2—Two well known and popular young people of this community were united in marriage at 4 p. m. Saturday, when Miss C. Jeanne Sweetland, daughter of Mr. and Mrs. John Sweetland, became the bride of Lt. Norris B. Hooven, son of Mr. and Mrs. Raymond Hooven. The single ring service was performed by Rev. Dwight Jack at the Methodist parsonage. Attendants were Albert Whaley, fireman first class, and Mrs. Whaley.

The bride wore a street length gown of lime colored jersey with an orchid corsage and Mrs. Whaley wore black and green with a corsage of camellias and pompons.

Following the ceremony a buffet luncheon was served at the Sweetland home for the bridal party and immediate friends.

Lt. and Mrs. Hooven left Saturday for Langley Field, Va., where the former is instructor and mission pilot and where they will reside for the present.

Mrs. Hooven is a graduate of the local high school and was for five and one-half years employed in the local National Bank. Later, she was employed as a secretary for American Aviation at Jamestown. Lt. Hooven, also a local grad-

uate, class of 1937, and attended Ryder College at Trenton, N. J. He is also a graduate of Hoff Business College in Warren. Before enlisting in the armed forces he was employed by the Gulf Research and Development Company of Pittsburgh. He enlisted January 21, 1942, served in the Medical Corps for six months and then being transferred to the Air Corps. He received his pilot's wings and commissioned as second Lieutenant July 27, 1943, at Luke Field, Ariz.

While serving as bomber-pilot in the 15th Air Force in Italy, he received his promotion to first Lieutenant in June, 1944. He was transferred to the 8th Air Force in England where he completed the required number of missions on a Flying Fortress. His unit received several citations for meritorious achievement and he has the honor of wearing the European Theatre ribbon with three bronze stars, the Air Medal with four Oak Leaf Clusters and the Distinguished Flying Cross.

The bride-elect was honored at a pre-nuptial luncheon and shower on Friday evening, the hostesses being Mrs. Lyle Johnson, Mrs. Albert Whaley and Mrs. Robert Sweetland.

FRIDAY MUSICAL

Elizabeth Jack presented her pupils in a musical at her studio, 13 Elm street, Friday evening, with forty guests present. Piano selections were rendered by Dennis Daley, Cynthia Barker, Nancy Morrison, Betty Jackson, Marilyn Peterson, Jane Macdonald, Mary Lou Hibner, Joanne Carlson, Dorothy Stoddard, Iris Jean Eldrich and Marie Klenck. Dorothy Stoddard, Patricia Feroni and Iris Jean Eldrich were heard in several vocal selections. All pupils showed careful training and preparation. After the program, gifts were exchanged and refreshments were served by the hostess, assisted by Mrs. C. R. Barker and Mrs. Robert Carlson.

REBEKAHS HAVING

PUBLIC CARD PARTY

Lady Wrenn Rebekah Lodge has planned another public card party on Friday night of this week, prizes to be awarded men and women in both bridge and five hundred. Mrs. Wood will be in charge of arrangements.

Lodge members will sew in the afternoon for soldiers and will have their regular session at 7:30 o'clock. Card playing will begin at eight.

There was a good turnout for the lodge and the annual Christmas party for members last Friday evening, when plans for this week were completed.

IMPRESSIVE SERVICE

HELD AT EPWORTH

Epworth Methodist church held a very impressive covenant and candlelight service Sunday evening, during which candles were lighted for the 53 boys in service on the congregation's honor roll. Rev. and Mrs. O. L. Winger were in charge of arrangements for this service, assisted by the choir, various members of the congregation and Mrs. Hazel Merenick, guest soloist.

A capacity audience was present and at the close of the service the candles were presented to families of the boys whose names had been read.

Personal Paragraphs

Mrs. T. J. McFarland and daughter, Patty, have returned after a week's visit in New York City with their sons and brothers, Bill and Tom.

Miss Katherine Mason is returning to her school at Louisville, Pa., after spending the holidays with her father, R. C. Mason, 205 Jackson avenue.

Miss Elaine Miller has returned to her training at Bellevue Hospital in New York City after a brief visit with her parents, Mr. and Mrs. G. R. Miller, Carver street.

Miss Mildred Blair has returned to New York City after spending the holidays with her mother, Mrs. O'Livo's parents, Mr. and Mrs. R. C. Dase, 206 Dartmouth street.

A large number of local citizens are in Harrisburg to attend the opening of the state legislature today. In addition to State Senator L. E. Chapman, and Assemblyman Allen M. Gibson, others who made the trip include Commissioners E. C. Ostergard and George E. Seavy, Judge Allison D. Wade, Jessie G. Smith and W. R. Simonsen.

WOMEN IN '40's

Are You Embarrassed By

HOT FLASHES?

If you, like so many women, between the ages of 35 and 52—suffer from hot flashes, nervous tension, irritability, a bit blue times, all due to the functional middle age period peculiar to women—try Lydia E. Pinkham's Vegetable Compound to relieve such symptoms.

For almost a century thousands upon thousands of women—rich and poor alike—have reported remarkable benefits. Many wise women take Pinkham's Compound regularly to help build up resistance against such annoying symptoms.

Lydia E. Pinkham's Vegetable Compound helps nature. It also has what Doctors call a stomachic tonic effect. Follow label directions. Worth trying!

INDUSTRIAL WORKERS NEED BETTER EYES

ONE of the men in America who has seen war production at first hand is Kirk Earshaw, indus-

trial relations editor of "Modern Industry." In the past 12 months he has traveled 30,000 miles in visiting industrial plants, large and small, in every major war production area in the country.

From this first-hand observation and experience he has come to the conclusion that neglected vision is one of the great problems of the nation's war production industries. "Bad Eyesight," he says, is a cause of accidents of spoilage of materials and tools.

"Of even greater importance as a saboteur of the war effort is the effect of bad vision in respect to fatigue, tempers and judgment. Countless personnel men tell me that bad vision—chiefly lack of proper glasses or improper light-

ing, or both, is a major cause of absenteeism.

"Men and women—particularly those newcomers to industry who are giving their eyes new tasks and new strains—and who have uncorrected visual defects, are the first to complain of excess fatigue, the first to take time off to rest. Actually they are sick—but no pills or rest will cure them. They just need glasses."

"A four-point eyesight program for industry to speed war production," says Mr. Earshaw, "that I recommend includes: vision tests for every employee, new or old; use of corrective glasses, when their need is indicated by professional ophthalmic service; proper lighting, and the use of safety goggles in every hazardous occupation."

woods, then told his parents who notified the FBI.

The men, FBI Director J. Edgar Hoover said, were arrested several days ago in the New York area. They came ashore in a rubber boat at night after the Nazi submarine had lain off the Maine coast for a week, Hoover reported.

Deputy Sheriff Dana Hodgkins, of Hancock Point, said his son Harvard, a high school senior, was returning from a dance when he saw two strangers walking along a road in the snow. He followed the pair until they disappeared into woods, then told his parents who notified the FBI.

Approximately eighty people attended the Yuletide Ball held at the Conewango Valley Country Club Saturday night. The club house was attractively decorated in keeping with the holiday season, which contributed to the successfulness of the party. Following dinner at eight o'clock, dancing was enjoyed throughout the evening.

Out of town guests included Lt. Jane Keppinger, of Cleveland, O.; Lt. (j.g.) Rosanne Calderwood, of Norfolk, Va.; Cmdr. Gail Hamilton, of Philadelphia; Wolfgang von Koschewitz, of Cleveland Heights, O., and Mr. and Mrs. Frank Tinkham, Jr., of Jamestown, N. Y.

PHILOMEL MEETING

Members of the Philomel Club will meet tomorrow afternoon at 2:30 o'clock for their regular business-meeting.

CHURCH NOTES

SERIES OPENS AT PILGRIM HOLINESS

Services on Sunday marked the beginning of a revival campaign at the Pilgrim Holiness church, in Fourth avenue. The services were well attended and closed with a union Watch Night service, the Free Methodist and Church of the Nazarene joining with the Pilgrims. The Rev. G. V. Woods brought a good New Year's message.

The pastor, Rev. L. W. Drury, extends a cordial welcome to all interested to attend these services which commence promptly at 7:30 each evening.

Backing For Draft Edict Developing

(From Page One)

He told reporters the Byrnes' 4-F proposal could be handled as an amendment to the present draft law which expires in May.

Coincidentally, Chairman May (D-Ky.), said he plans to call the house military committee together soon to consider legislation designed to extend 4-F's into essential industry.

Both party spokesmen granted a place on the legislative calendar to a universal training act for a year's government service from the nation's youth. Neither thought the matter of sufficient urgency, however, to be hurried through the 75th congress which meets tomorrow.
